

Administrative Tools

The Trusted Coaches Verification Program wasn't only built for coaches, it was also designed to allow Administrators the ability to monitor and manage coaches participating in the program. Check out the features below to see what Trusted Coaches has to offer for the people in charge!

The Send Coach Invites tool was created to allow Administrators to invite their coaches to participate in the TC program directly from the website. This tool helps Administrators keep track of how many TC courses they have available and features a custom e-mail template.

Website Seal

The Trusted Coaches Seal will be sent to every participating organization and can be uploaded on the organization's website to advertise to parents that their coaches have completed the Trusted Coaches Verification Program.
